Public Comment

Thomas Bradfield came to show that he got his property surveyed. It was a long wait, but they surveyor was finally able to do it. Now he can proceed with the building of his garage that he's been working towards for 11 years. The property boundaries are now all cleared up. He is cleared to put a roof on the structure and continue work. Frank Watson will look for any past paperwork submitted for this property and they will move forward from there.

REPORTS:

1. Code Enforcement: There was a complaint about a dog kennel being operated in the Village. The operator runs a successful business in the Village. Small businesses are important to villages and the owner is working with Frank to do everything to comply with zoning laws. He's happy with Mr. Bradfield's survey.
2. Police: Officer Waasdorp submitted a report to the Deputy Clerk stating that he needs a new laptop. The one he has now is broken.
3. Treasurer: Bridges and Horning reported no exceptions on the agreed upon procedures report. The board must look at the report and accept it.

6. Mayor: There have been a lot of complaints from residents concerning the property belonging to the IDA. The railroad property catch basins have not been emptied and it's causing sever flooding to resident properties.
